Well, I knock on the door
But you won't let me in
Your lying on the floor with a devious grin
Try again I know it just takes time
Well, hop in my ride
But you won't let me pass
My big wheel bike doesn't go very fast
Try again, I know It just takes time
Well, come, come follow me
Come, come follow me
Sparkle and shine
Lady giving lady be giving me love all the time
Come, come follow me
Come, come follow me
Sparkle and shine
Lady giving lady be giving me love all the time
Sparkle, sparkle and shine
We hop in the sand box at recess time
You give me a wink and I know that your mine
On cloud nine
And It just feels fine
Well, hop behind the bushes for a big wet kiss
Teacher, sends us off on detention trip
Well I'm on cloud nine
And it just feels fine
Well, see come, come follow me
Come, come follow me
Sparkle and shine
Lady giving lady be giving me love all the time
Come, come follow me
Come, come follow me
Sparkle and shine
Lady giving lady be giving me love all the time
Sparkle, sparkle and shine
Well see come, come follow me, come
Come follow me, sparkle and shine
Lady giving lady be giving me love all the time
Come, come follow me
Come, come follow me
Sparkle and shine
Lady giving lady be giving me love all the time

Sparkle, sparkle and shine
Well, Back the fuck up
I riggety rhyme and sparkle and shine
And play with your mind
And sing in the sunshine
I riggety rhyme and sparkle and shine
And play with your mind
I'm havin a good time
Baby come sex me all of the time
Baby come sex me all of the time
Here I come
Come with a rubadub rhyme
Baby come sex me
Slow
