Insensis!

(Everybody move your body,

Everybody sexy body)

Pump the beat

If you came to party then we're here to let you know, let
you know

Crank Insensis, everybody on the floor, on the floor

X2

Can you believe that this is happening

Everytime we're coming in

Doin' it, mixin' it, everytime your hearing it

It's us, just standing in line, doing our thing

Try'na mix together all these words that don't mean a
thing

But when we step it out, mix it, lay it straight on this
track

We'll take the world by surprise and there's no turning
back

That's why we need you here, to take away our fear

Coz every time we're round is us that we want you to
hear

If you came to party then we're here to let you know, let
you know

Crank Insensis, everybody on the floor, on the floor

X2

Get your step on, everybody step on-to

The dance floor, where the ladies should the getting
low

When we play this track, don't just stand back

I want all you girls in here to get down and bend your
backs

Low, while the speakers are pumping

All the fellas in the house wanna see your hips bumping

Move your body to the beat, everybody on their feet

If the place gets busted then we'll take the party to the
street

(Everybody move your body,

Everybody sexy body)
(If you came to, everybody on the floor)

Move your body up and down (yeah)
Now take a look around (okay, okay)
Nobody in the place should be making a sound (okay)
Now ladies pick a man, (yeah)
Move as close as you can (uh ha)
Fellas wait until she dips (okay)
Now move your hands down to her hips (okay)
Now Stop!

If you came to party then we're here to let you know, let
you know
Crank Insensis, everybody on the floor, on the floor
X4
