I'm sorry I looked at her,
You blamed me for all her faults,
I was the dirt you decided to tread on,
From the shadow I was in, I couldn't get out,
Behind my back, actions to hurt
As always I stand alone...

"From deep within my heart,
I can feel it how, it.
Burns it burns, burns it burns
Shiver as I fall, I can feel it, so cold.
I feel, it freeze"

I'm sorry I laughed at you,
You blamed me for all your wounds,
I am your mirror, I accepted it all.
The rivers I struggled against, I could not escape,
While I was asleep, actions to hurt,
As always I stand alone

"From deep within my heart,
I can feel it how, it.
Burns it burns, burns it burns
Shiver as I fall, I can feel it, so cold.
I feel, it freeze"

I'll pull the trigger, I'll fucking
Pull the trigger,
I knew, I always knew,
This time I won't turn my back,
I'll sink to your level and below.
I'll be the better evil, I'll be the
Kingdom come,
Don't run, let me break you x3
Don't run, let me
Break! You!

Let me Break you!

"From deep within my heart,
I can feel it how, it.
Burns it burns, burns it burns

Shiver as I fall, I can feel it, so cold.
I feel, it freeze"
