Imagine me and you, I do
I think about you day and night
It's only right to think about the girl I stalk
Each day and night,
So happy together.

I dated you, for just a week
You dumped me and I cried real hard
And still can't sleep.
So now I'll have to force you to come back to me,
So happy together.

I can't see me stalking nobody but you for all your life
When you're with me baby the skies will be blue
For all my life.

I call you up at 2 am
I wake you and hang up the phone
And do it again.
That's what you get for goin' out with other men,
So happy together.

I can't see me stalking nobody but you for all your life
When you're with me baby the skies will be blue
For all my life.

I see you, you don't see me
I'm hidden with my telephoto lense up in the tree
You're walking and you look around, suspiciously,
So happy together.

"Hey...sugar...I like your eyebrows....no no that's kinda lame.
I got it, I got it. Hey baby, it's me again....surprise!
That's a good
one, I like that, surprise, haha."

I've got your cat, don't be alarmed,
As long as you come talk to me,
He won't be harmed
We'll go and get a bite to eat
I'll come unarmed

So happy together...forever and ever...so happy
together.

"Get out of the tree with the cat in the air."
