Don't you see, that I've been waiting my whole life for  
this...one chance, to let you know just how I feel. You  
say that theres no time for us to remenisce. But I must  
disagree, 'cause I believe in you and me.

And you tell me, that everything is gonna be alright.  
But that can't be, 'cause you won't ever be with me.

And I'll take my time, when I believe the time is right.  
For you to find, all your mixed emotions that try to hide.  
And I will listen as you tell me things I never wanted to  
hear. And I will stand my ground when my whole world  
comes tumblin' down. And I will love you when you...  
When you tell me, that everything is gonna be alright.  
But that can't be, cause you won't ever be with me.
