Since the first day of first grade, I remember you. And
on the last day of my life, I'll remember you. And when
your memory has faded, I will remember you. And
when your stories have all disappeared, I will
remember you.

On the first day I saw you, I couldn't believe my eyes. I
figured you'd fallen, fallen from heaven's skies. So I
asked if you wanted to come, do you want to come
home with me? And we'd watch your favorite movie on
the big screen tv. And I'd rock your world like no one's
done before. When I dream at night, your what I'm
dreaming for.

One more time, will you be mine, theres nothing
holding us back One more time will you be mine.

Its like i'm falling in love all over, again. Now I know why
I am here, for an old friend. I remember all the times
you told me, "I love you now, please just hold me". This
isn't how it should be. I want you here with me
