Now here it stands
Right through the years
And through my own town
I'll take the sails

And only me
Can bring all I need
Through the darkest times
Right to the spine

Take me along
In the swamps
Take me along
Through this I'll know

Let my ship sail
To the years
Let my ship sail
Right from here

To the years
I'll take my life
All the time
All the time
To the end

Sail to the end
Fly to the end
And tell me
If I'll be there

Float to the end
Float to the end
