Tempered evenly, with not a lot to say
But you're afraid of me, kind of funny in it's own way
'Cause you' re feeling so strange
Like there's something out there waiting
Such a tragedy, you're commiserating

But loving God has got you scared
The only thing you have is someone else's prayer
But it's already there
It's already right in front of your eyes

Someone who cares
And thinks you're the greatest one alive
It's already there

For the record, life is not what you make it
It's so much better when you don't have to fake it

'Cause you're trying so hard
Just to make a good impression
But when that's not enough, who will hear your
confession
