It's so cold so cold  
Abscond I will not  
And I can't I won't  
Leave it behind  
I can't leave it behind

What is this feeling around  
This phenomenal state  
What is this atmosphere  
What of it to make

I'm feeling high tonight  
Fly all above the world  
An aurorous atmosphere  
I feel invincible  
I can take on everything  
In an aurorous atmosphere

Nowadays I'm free  
The lights are all clean  
Darkness is not bad  
Auroras creep up on me  
They creep up on me

What's this atrocity  
Where has my longing gone  
What is happening  
All of it disappeared

I'm feeling alone tonight  
Like a stone drop from the sky  
No aurorous atmosphere  
I feel defenseless  
I feel weak and tired  
With no aurorous atmosphere  
Aurorous atmosphere

Maybe it's time to go on  
I guess I will leave here  
With fond memories of  
An aurorous atmosphere
