Living the good life
In this new stage
Society placed
I'm placed on the page

Within the light
It seems alright
Through the time
It will be all mine

Never will I fail
But I won't ever prevail
Sometimes I wish I could leave here
Sometimes I wish I wasn't near the light

I'm a good person
Come home with me

This isn't me
Take me away
Return back home
Return and stay

Maybe in reverse
I'll be alright
Maybe without a trace
I will be alright
