"Perpetual Equanimity"

Everlasting void of nothingness
Perpetual state of darkness
Balance of infinite though
Limitless equations begets naught
Darkness and light
Zero equals two
Annihilation of the masses
Assimilated into one
Black super-nova of emptiness
Divine rapture of consciousness
Catapulting existence
Illuminating malevolence
Darkness and light
Zero equals two
Annihilation of the masses
Assimilated into one
Microcosm engulfing macrocosm
Eternal equanimity the perpetual void
Balance of infinite thought
Limitless equations begets naught
Darkness and light
Zero equals two
Annihilation of the masses
Assimilated into one
