Celebrations of god  
Evangelical deception

Pedophile priests  
Spiritual molestation

Unbelievers, blasphemers  
Religion devastates the land

Remains of the so-called messiah  
Doomed and entombed  
Disintegrates to sand...

Nothingness!  
Death bringers, the plague lingers  
Our time is at hand  
Speaking with their tongues  
Licking the cunt of the lamb

Thou shalt depart from this wretched world  
Precious holy ghost be damned

Oath breakers, life takers  
Synonymous with evil  
The name of god  
Cast into oblivion...

Thou shalt depart from this wretched world  
Precious holy ghost be damned

Oath breakers, life takers  
Synonymous with evil  
The name of god  
Cast into oblivion...

Forever! [x4]
