Complacent disciple  
Resting on thy laurels  
Turning the other cheek  
Reluctant pacifist  
Gratification retrograde  
Clutching your impaled idol  
Of failure between your hands  
Derided reticence  
Fear overshadows your reality  
Blind faith elusive trust  
Reticent slave your

Cries are unheard x2  
Sin of omission  
Orthodox reservist  
Blessing those who  
Curse and spit on you  
A deriding ode for  
Such a cowardly dog  
Ejaculation retrograd  
Clutching your flaccid member  
Of failure between your legs  
Derided reticence
