Retribution, unholy deeds  
I gouge their eyes out, so they can see  
I cannot fathom, or reason why  
Eradication, of Christian thought from my mind

Stab the knife so deep, cutting Christian flesh

Eradication of the disease, their plague surrounds me  
Eradication of christian rite, their screams arouse me  
Destroy the opposition of life's insanity  
I shall not falter, destroying feeble Christians  
As they beg and plead, "Please father save me!"  
I shall not falter from this, my destiny  
The voices call me, destroy the opposition

Of life's insanity, I shall not falter  
Eradication of the diseased, their plague

surrounds me, eradication of christian rite  
Their screams arouse me, darkness  
I shall receive, sworn against my enemy  
The christian philosophy x2  
never repent

Lies and deceit, innocence punished  
The guilty weep, pain-no remorse  
Blasphemy drunken my soul x2

Feeling the power, watching them cower  
Instinctive killing, holy blood spilling x2

He lied, goodness dies, evil rise!!!!

Cleansing the masses  
Eradication of the disease  
Their plague surrounds me  
Eradication of christian rite  
Their screams arouse me
