Infernal autopsy  
Undeclared virgin  
Lies on the bench

Make the incision  
Ribs and breasts  
Methodically sliced off

Make the incision  
Sternum surgically  
Sawed in half

Ribs separated  
Exposing the vital organs  
Of the deceased  
Mesmerized by the lifeless heart  
Clitoris severed

Razors edge  
A feminine circumcision

Demonic lust, forbidden arousal  
Violation of her vagina  
A sadistic impulse takes over  
The rectum I plunge x2

Infernal molestation  
In unholy ecstasy  
Fucking the priest, holy cunt

Raped and ravaged  
My spawn splattered inside x2

Her brutalized cadaver  
Defilement of the pure x2
