Now here it stands  
Right through the years  
And through my own town  
I'll take the sails

And only me  
Can bring all I need  
Through the darkest times  
Right to the spine

Take me along  
In the swamps  
Take me along  
Through this I'll know

Let my ship sail  
To the years  
Let my ship sail  
Right from here

To the years  
I'll take my life  
All the time  
All the time  
To the end

Sail to the end  
Fly to the end  
And tell me  
If I'll be there

Float to the end  
Float to the end
