I can see through my eyes
It tells me things but I can't cry
It shows me where I can run
But it really can't be done
Persuading me to go on
Left a line to walk along
Is it real or is it fake
Is this the right way to take
But it shoots arrows through my eyes
I just have to face the lies
My destination has faded
Follow what I've created
There's nowhere else to move on
There's no lines to walk along
Could it be what I am thinking?
Or could it be I'm only dreaming

I visioned I'm something
What's next in store for me
Now I know I'm needed
Well fuck that I'm only dreaming

I've seen the way it takes my life
I want to find all that is mine
I know I've failed but all the time
I've realized I just laid the line
Show me the way to pass trust
For this you see I only must
Just give me sight to bring my fate
For this I must bring on sedate
Please understand I'm not gone
I am just a stepping stone
Stones are thrown and I am lost
Lost and found and taken down
Down under the frozen life
Life is one of simple tasks
Break me free to be to be to be

I visioned I'm something
What's next in store for me
Now I know I'm needed
Well fuck that I'm only dreaming

Yeah...
Now I know I'm needed
Well fuck that I'm only dreaming
