Hello how are you doing  
It's been a long time  
Take my hand we'll fly away  
To the stars today  
We can be free  
All we really need

To runaway to the end of time  
We'll forget today what's yours and mine  
Just runaway we will see in time  
We'll fade away together we'll be fine

Now where are we going  
Does it really matter  
Take a trip in comet's ice  
Look in each other's eyes

We can be free  
All we really need

To runaway to the end of time  
We'll forget today what's yours and mine  
Just runaway we will see in time  
We'll fade away together we'll be fine

We will be free  
All we'll ever need

To runaway to the end of time  
We'll forget today what's yours and mine  
Just runaway we will see in time  
We're far away together we'll be fine

To runaway to the end of time  
We'll forget today what's yours and mine  
Just runaway we will see in time  
We're far away together we'll be fine  
Together we'll be fine

And while we're gone  
We will see  
What's to become

Of you and me

This is our time  
Together  
We are one  
Forever

It will be our way  
In illusions  
Every way  
And every day

But at the end of time  
It will be the end  
Of the two of us  
So it doesn't matter anyway...
