I see you in the dark
Laying next to my side
I hope this never changes
I hope tonight will last forever

You're everything to me
I have everything to lose
This is what was meant to be
I'd live and die for you

It's what I'm living for
It's the blessing of my life
There is nowhere
That I'd rather be
You're what I'm living for
You're the only thing I want
There is nothing more
Important to me
Here I understand the truth
I was meant to be with you

I see you in the light
As the days has past
All the great times we had
I hope forever they last

No one ever understands
Nothing I would rather do
Sit and stay forever
To stand next to you

It's what I'm living for
It's the blessing of my life
There is nowhere
That I'd rather be
You're what I'm living for
You're the only thing I want
There is nothing more
Important to me
Here I understand the truth
I was meant to be with you

You're what I'm living for
What I'm living for
