

Insidious Frustration "What It Means To Live"

This is the day
This is the time
Completely new
This life of mine
Don't forget me
Hold to the memories
Anticipate
And tell me please

I'm led to believe
This time to conceive
Don't let it take control
Our fate solely to be told

Here's my new life:
Inconceivable
Uncontrollable
This life of mine

Just let me be
Forget the memories
Disintegrate
But tell me please

I'm led to believe
This time to conceive
Don't let it take control
Our fate solely to be told
