Well I'm going out
I'm gonna find myself a lover
I'm gonna look until I drop
I'll never stop
I won't give up in any way
In shame or fall

Well I'm going out
I'm gonna find myself a girl
Take an eye into the world
With lots of dance
We'll take a chance
We'll start romance all over again

Love is lies, love is eyes Love is everything that's nice Love is others cold as ice But that's what that means to me

Well I'm going out I'm gonna find myself someone Going to see them just for fun A love affair but noone there It's in my head now it's all gone

Love is lies, love is eyes Love is everything that's nice Love is others cold as ice But that's what that means to me

Well I'm going out
I'm gonna find myself a girl
Take an eye into the world
With lots of dance
We'll take a chance
We'll start romance all over again
