Life's full of disappointments  
Wonder where the good times went  
Craving for recognition  
Rather than accomplishment

Nobody cares what your name is  
And it's gonna stay that way  
Everything is off the record  
Face it, there's nothing to say

Life's only temporary  
And then you fuckin' die

It's a useless situation  
Can't you see that I'm between  
Patience and persuasion  
Every single time

Mingling amongst the masses  
That much would be enough  
He used to be my rival  
Quit when the going gets rough

I never witnessed the moment  
When all you ever wanted was me  
Understand, now the penny's dropped  
Pissed off, bunny not happy

Don't want to think about it  
It makes me fuckin' mad

It's a useless situation  
Can't you see that I'm between  
Patience and persuasion  
Every single time

It's a useless situation  
Can't you see that I'm between  
Patience and persuasion  
Every single time

I never witnessed the moment

When all you ever wanted was me  
Understand, now the penny's dropped  
Pissed off, bunny not happy

Life's only temporary  
And then you fuckin' die

It's a useless situation  
Can't you see that I'm between  
Patience and persuasion  
Every single time

It's a useless situation  
Can't you see that I'm between  
Patience and persuasion  
Every single time
