Everything happens  
Don't look for patterns  
You only perceive what you believe  
You need only believe to believe

A map of illusion  
Of this land of confusion  
I saw the boy clad in leather  
Forever and ever and ever

What do you know?  
What do you know?  
What do you know?  
What do you know?  
What do you know?

There's no turning back now  
I'm under attack now  
I don't need a mirror to see  
Just what has happened to me

There's no contradiction  
Between fact and fiction  
I saw the skies open  
And I heard the word spoken

What do you know?  
What do you know?  
What do you know?  
What do you know?  
What do you know?

What do you know?  
What do you know?  
What do you know?  
What do you know?  
What do you know?

Everything happens  
Don't look for patterns  
You only perceive what you believe  
You need only believe and you'll believe

A map of illusion  
Of this land of confusion  
I see a boy clad in leather  
Forever and ever and ever

What do you know?  
(There's no turning back now)  
What do you know?  
(I'm under attack now)

What do you know?  
(I see the skies are open)  
What do you know?  
(And I hear the word spoken)

What do you know?  
What do you know?

What do you know?  
(You only perceive what you believe)  
What do you know?  
(You need only believe to believe)

What do you know?  
What do you know?  
What do you know?  
What do you know?  
What do you know?

What do you know?  
What do you know?
