Before you start laughing I wanna say
That I like you in so many ways
The only things I enjoy are moving here
When you're sitting here with me
And all I wanna do is put my heart in yours

We'll make life last so long
Put my heart in yours
Forget all that is wrong
Just make this wish come true

I wanna wake up
With you at my side
Or hold your hand
When you're alone
For what it's worth
I can't do that
This drama has taken all I had
Well here I am
All by myself
To watch your back
And hold you close
Just take my hand
I'll carry you on
We'll lie down and watch the stars above
I'm waiting for those moments to come...

We'll make life last so long
And put my heart in yours
Forget all that is wrong...

I would rather have...
One breath of her hair,
One kiss of her mouth,
One touch of her hand,
Than the eternity without it... ONE

And all I wanna do is put my heart in yours
We'll make life last so long
And put my heart in yours
Forget all that is wrong

A lifetime's not enough...
