[Pretext:

I dissent... Our goals are different. The journey not the same, I'll close you down.

Dead. Digressing... yet another recognition.

Floating back on those oceans of dust... back to those memory-shores.

Ab ovo! Rewind into... A fragmented vision of a birth... once ... beyond time.

As I was falling down... stuck in the mud, entwined inside.

Where are the voices of reason?]

Engaged in a void

Entangled in thorns

Life is strapping me down to the floor

I'm gasping for air

I try to get free

Or magus Impamiiz will never be

Nail driven mind bursting with hate

Untangle myself, and to roam is my fate

Open the door, race for the soul

I'm back in command, I'm taking control

Liquid Satan you burn with me

Through him I am free

Will not stop, I don't care

Just through him as I live again

I can not cope with human behaviour

So, I cope with those from within

Odd figures within its dreadful storm

Brought to me by those from beyond

Those creatures in the walls...

Those creatures in the walls!!

Just through him I live...

Just through him I live again...

(In the) Shape of the coming god

I'm stuck in here

Sign of power you give to me

Bring me... Bring me... Bring me to your glory... Father!

Voices of reason, and so I am free

A life without Satan, I know it can't be!
