Walking through the shapes of dread  
Bound to pledge this human shape  
Once straight, now lay crooked and still  
A hateful plan to end this pain  
I find the strength in the darkest realms  
Underneath the horns I seek  
Where the path is always lit  
Lit by the morning star himself  
The way of my loathing  
Is lined with your thorns of  
Christ Never will forgive  
The veil of oppression will fall  
My hatred, rage and fury (Bestow!)  
Underneath the wings of satan  
We fly free, bestial dominance  
The arrival of the legions  
The cleansing has begun!  
Monoliths have fallen  
His throne has been overrun  
Blessed are you to witness  
When we wash them all away  
Your adversary (Once fallen)  
Now alive to slay the dog  
Well wait for your arrival  
And well east them down  
Mucus of earth suffocate us  
We wash it all away!  
The fifth of Christ restrain us  
We wash it all away!  
Dog and the holy hoax  
We wash it all away!  
The blessed and trinity  
We wash it all away!  
The brooding has come to it's end  
Time has action in it's hands  
Gods chosen one has failed  
All washed down the drain
