[Pretext:

... but the pain persists. Morning breaks its stillborn rays upon my skin.

Is this a new day, or is it the same. Pillow soaked in sweat.

They are making the shadows twirl in the sealing, so hungry for more.

I am in great need of the catalyst. Still I'm stuck here... staring at the ceiling.

I'll consume you all! ... and this ominous dream.

Teeth piercing from withni... I'll let it out... repeatedly stabbing me from the inside.]

Mental surgery, revile and devour

I am the shield, the spear and the knife

I plant seeds of death inside open wounds

The clock keeps ticking, and time is at hand

I'm absorbing the host

I am infested, disease in my veins

I'm absorbing the host

I am infested, killing the spirit

Anti-God, Spiritus, Morning star, Lucifer

As the bow before you

I stand tall, Anti-God, Spiritus, Morning star, King of kings

As we pray for your coming

Suffering offers a new sight, a vision of new life...

before control

was denied - Control denied!

I plant seeds of death inside open wounds

Tables are turned, and time is at hand

Anti-God, Spiritus, Morning star, Lucifer

As they bow before you

I Stand tall, Anti-God, Spiritus, Morning star, King of Kings,

As we pray for your coming

Superior Anti-God

Satan - So enormous, and so great

UNBIND MY HANDS!

Suffering offers a new sight, a vision of your life... and you are now denied

A silent demise, as your saviour once again is standing
you down
Anti-God!! See me!
See me now, Anti-God, Spiritus, Morning star, Lucifer
As they bow before you
I stand tall, Anti-God, Spiritus, Morning star, Kings of
kings
As I pray for your coming
Anti-God!! Stand tall!
