I can show you  
What's behind those clouds  
And see why I just cannot miss this chance  
I'll help you climb the stairs  
To see my paradise  
We can dance and laugh forever  
So there you go

You're flying through the sky  
You look just like an angel I once knew  
A simple smile  
Can break me down  
Make me fly forever in your arms

So here I am again  
I came to claim what's mine  
I left my heart at the first step of your door  
Notice me  
Miss me when I'm gone  
'Cause I would love to watch you fly away

You're flying through the sky  
You look just like an angel I once knew  
A simple smile  
Can break me down  
Make me fly forever in your arms

Forever in your arms  
I'll stay with you  
Forever in your arms  
I'll stay with you!
