This encounter has been great.
Been waiting for this moment all my life.
Dressed in white,
Wings moving to the sound of the ocean...

Hello!
How have you been?
It's good to see you here again in my life...

You forgot your halo the last time you were here,
But I keep it in a safe place,
I keep it in a safe place here with me.
Just wanna tell you that I fell in love the first time you
were here.
And you don't have to leave again...

Hello how have you been?
It's good to see you here again in my life.
Thank you for everything.
Let's walk for miles and miles away until the end of our
lives...

With hand in hand were they,
Together to the end...

My little angel,
I'm so glad you are here (x2)
