[Intro: Inspectah Deck]

Psycho LES, what's good?

It's like my nigga Dirty would say

"Come on, baby baby, come on, baby baby, come  
onnnnnnnnnn"

[Chorus: Inspectah Deck]

I make shots ring, watch poppa swing

I said I shine in the mind, plus the watch and ring

I get down, when I do my thing

I get down, when I do my thing

Little hot thing, wanna rock the king

So I put the stroke through her, and broke the box  
spring

I don't play, when I do my thing

I don't play, when I do my thing

[Inspectah Deck]

Who the block king, nuff rocks and things

Any spot that I pop, cause tops to spin

Any spot that I rock, got a pop for grin

For my thugs thats locked in the box and bing

I rip the roof off, this dude's the boss

To start a war, we can fly and catch my music off

I said I'm like Skywalker, when I use the force

Got a broad on my side when I cruise my porsche

Cross state line, all drapped in shine

I make minds with the tape, or the cakes or pies

Shopping fives on you mami, how you shake your  
thighs

Girl you fronting, you ain't cutting, why you waste your  
time?

I hit the Power-U, for bout an hour or two

Girl you treat me like a champ, bow down to you

I said you treat me like a champ, like you now my boo

Smash it, no attachments, is how I do

[Chorus]

[Inspectah Deck]

Now watch Deck go, rep sets for dough

I spend time with a dime, I don't sweat no ho  
Son shine with the rhyme, yeah, Deck's a pro  
And since I lived the wild life, yeah, checks'll blow  
Come and test I, many heads'll fly  
I said enough men'll die and the best'll try  
Any bets on the side, that's a bet for I  
Pep step with a glide and I rep my side  
Get your bounce on, we be out til dawn  
And I'mma bounce with a tall chick around my arm  
In the porsche, wicking off with an ounce of charm  
You were try'nna play that wall shit, you now went  
wrong  
Poppa got this, go pop your Cryst'  
I said, even super thug gotta rock to this  
She was creeping through the club, I spot ya miss  
Is you dancing to the song, or is you riding the (riding  
the)

[Chorus]

[Outro: Inspectah Deck]

Just do your thing..  
New York niggaz do your thing..  
Out of town niggaz do your thing..  
Over seas niggaz do your thing..
