[intro: inspectah deck]

Uh, yea.

In my time, I've seen a lot of people come and go.

A lot of new faces, been to a lot of new places.

Wherever we went, we always held it down.

While we conquered new grounds. it's a universal sound.

The witty unpredictable talent and natural game.

Yo...

[chorus (x2): inspectah deck]

Not many last in the game

Wu-tang come through, breakin out the same way we came

This is not an act, this is actual facts

Nothin but experience placed upon the tracks

[inspectah deck]

We stand perpendicular with no flaws

Breakin all laws, plus jaws, the writin's on the walls

Heartless, starvin artists, out to get our's

Regardless, marvelous doctrics, we shot this

Fist of the black lotus, bustin out the steel cage

Iron mic duel made the front page

Outlaws, out for your's, get down on all fours

Rebel with a cause, without a force to the score

Pillagin with 'donna cap's, the persona raps

Hittin like a quarter back, blistered on the track

Fully-auto, cop the mic blow, strike low

High-caliber flow move the crowd, twist your torso

2009, block party, bobby digital, pop corks to us

And the god's we trust, it's adjust

To the highs that we bring with the lows

And the mr. hell speakin out in morse code

Runnin wild like dogs out the kennel through the venue

Simple chemistry, vitamins plus the minerals

Organic vowels, consonants, syllables

Condition critical, ill individual

Paint a picture too vivid for the visual

Material rips through to the gristle

[chorus (x2)]

[u-god]

Yo, the measures in my music grab you, stuck in my  
sentence  
Got to spit from the bottom less pit, speakin my  
vengeance  
Masked avenger never surrender my heritage  
Killah hill resident, 5'10" be my measurement  
On land we stand under flags as confederates  
You think you rule, pitty the fool when the shell drops  
Hot bodies scream to the extreme, damn, I'm delicate  
We livin irrelevant, intelligent, dirty habit  
Lake full of fragments, abandon all 10 commandments  
Damage is done as the records spins, hatred in my  
features  
Untamed, thus these cold blooded creatures bust  
Architect gladiator radiates the power  
Erupt with corrupt minds, locked in the tower  
The crook's pressure cooked invasion be destroyed  
Self-employed paranoid androids

[inspectah deck]

My rhyme cold winds clear streets and slams shutters  
Basic instinct to tear the roof off the mother  
Drastic verbal gymnastics, far from the average  
Hold the planet like galactus  
Lone ranger ancester scroll with zone bangers  
Never met a force deadly as my own anger  
Clutched performer, raised on the blood soaked  
corners  
A real life with real tight feds, they brain on ya  
And not many last on
