Ay, what's up baby?
I need you to sit down for a minute, relax your feet
I'll keep an eye on the dinner
Something I've been wanting to say for a minute
So just listen

I'm just sitting here, pouring my heart, even though
Usually, about now, I be touring with the Gods
Play your status like I'm MJ, scoring with the broads
My love for you is deep, a little more than what's it's
called

So how am I at fault, we both got issues
I miss you on the road but at home I fight with you
At times I might be tight with you
Take my life before I hit you,
Situation difficult to get through

You was just concerned with all the bitches in the face
I was just concerned with all the riches in my face
Grown man, so these bitches know they place
I know it's no love, 'cause yo
They fucking different niggas every day

Couldn't wait to hit the crib and see your face
If only for one night, the sunlight's gleamin' in our face
No love without pain, I still love you the same
But still share the same love for the game and so

Baby, I just got your luv letter
I'm trying to do better, 'cause now I know better
I'm gonna hold you down, I'm gon' stay strong
You gave me your word, so I ain't gonna do you wrong

Baby, I just got your luv letter
I'm trying to do better, 'cause now I know better
I'm gonna hold you down, I'm gon' stay strong
You gave me your word, so I ain't gonna do you wrong

There be days when you call him on stage
Text messaging, all in a rage
You think I'm fooling around

But the truth is, I'm moving around, L.A.

Yesterday to the Bay, next stop Chi-Town
Rarely get a chance to lie down
Snatching paper with the fly sound
All the hoes, you are not down

When the going got rough, you ain't jump up and leave
But if you did, wouldn't be so tough to believe
'Cause I know I put you through it, woman like you
You just trooped it, girlfriends calling you foolish

Hang on in there girl, 'cause when I'm finished
We gonna live it to the limit, I'm a give you the world
Just saying that it's you on my mind, I wish I was there
But I gotta stay true to my grind

Coast to coast line, strolling the curve
Kiss the kids for me, baby, I be home on the third

Baby, I just got your luv letter
I'm trying to do better, 'cause now I know better
I'm gonna hold you down, I'm gon' stay strong
You gave me your word, so I ain't gonna do you wrong

Baby, I just got your luv letter
I'm trying to do better, 'cause now I know better
I'm gonna hold you down, I'm gon' stay strong
You gave me your word, so I ain't gonna do you wrong
Baby

You told me stay off the block
But still held me down when a nigga got locked, yeah
You brought me clean drawers and socks
On the dance floor, tried to sneak in some top

It's like my pen be the heart, ink be the blood
I know your mama pissed that you fell for a thug
I can't wait to give you kisses and hugs
Just to be right near you, wishing I was, missing your
love

So close, but it's so much distance between us
So I call collect, long distance, hoping you pick up
Yeah, I know the Gods try to holla
But I'm that nigga, still touch the world getting dollars

Just ride with me, mama, release date soon
Said, I'd probably touch the streets around the middle
of June
Can't wait to get you undressed, P.S. sincerely yours

Always, mama, love, Fes, yeah, baby
