As she waits by the phone
She's more than hurt
She's all alone
With no one to talk to
She's always all by herself
She doesn't understand
She's crushed to the bone
And no one cares for her.
And as she waits there
Not knowing what he should do
He cares for many
But no one as much as you
As far as we've come
It's not worth turning back
And now, I need someone to talk to
I want you to know
You've been a friend
As far as we've come
It's not worth falling down
And now, I need someone to talk to
