(The whole fucking kitchen sink)

There are already all these rumours circulating around
I think you should remember whose side you are on
No one said it was gonna be easy
No one ever said
It was gonna be easy
The pain's to teach me the barrier's broken

The pain's to teach me the barrier's broken

And climbing aboard a white knuckle ride
Climbing aboard
On a white knuckle ride
I think you should remember whose side you are on
Churns my insides
And the wheels are in motion

There are already all these rumours circulating around
I want you
I think you should remember whose side you are on

My heart is set
Harder and harder
No chance of defeat
It's not in my nature
A course, receiver)
I've set a course and
I'm the great one, two, three wham bam
You're the receiver
I'm the retriever
I'm out to get you
(Barrier)

I want you
(And I want you back)
Right now
And forever

No one ever said
It was gonna be easy
A pain's to teach me

The barrier's broken
(Rough breakdowns)

(You say you lost two stone in weight
So why did you look like that?)

I want you
(I want you back)
Right now
And forever

(The Dutch East India Company
In the the U.S.A of A
Think they can fool with their sincere yous urea)

I want you
(I want you back)
Right now
And forever

I want you
(I want you back)
Right now
And forever

(You're)
The barrier's broken
(Harder and harder)
The barrier's broken
(Next year you'll be)
The barrier's broken
The barrier's broken
(I've set a course)
I want you
