There are times when i look in your eyes
i see the love that we shared
i see the joy inside
but i didn't see the feelings you hide
and now you're saying goodbye
cus your love has died

And all i can think about is you
the way you say you love me too
and everytime i close my eyes i see your face
my love can never be erased and you
can never be replaced...baby

baby girl
why don't you come back to me
why don't you love me anymore
baby girl
you know i still care for you
you know i will love you forevermore...

There are times
when i kiss you goodnight
I feel the love that we shared
I feel the joy inside
but I didn't feel what you tried to hide
and now you're saying goodbye
cause your feeling has died

And all i can think about is you
the way you say you love me too
and everytime i close my eyes i see your face
my love can never be erased of you
can never be replaced...baby

baby girl
why don't you come back to me
why don't you love me anymore
baby girl
you know i still care for you
you know i will love you forevermore...(2x)

all i can think about is you
the way you say you love me too
and everytime i close my eyes i see your face
my love can never be erased
you can never be replaced...baby

baby girl
why don't you come back to me
why don't you love me anymore
baby girl
you know i still care for you
you know i will love you forevermore...2x
