Pissed me off again, test my patience  
You wish sentiments weren't contagious  
Pissed me off again, so elated  
Yes, you've made yourself overrated

Fate says it's hard to do  
I'm harder than you

Here we go again, so I'm waiting  
Wasted, obvious, lost and straying

Fate says it's hard to do  
I'm harder than you

Fate says it's hard to do  
I'm harder than you  
I'm harder than you  
I'm harder than you

'Cause I gave you too much time  
Tell me what I said, 'cause I was wasted  
But I hope you know that I'm still standing  
I won't piss my standards away

Pissed me off again, test my patience  
You got something to say, I don't care  
Pissed me off again, pissed me off again  
Pissed me off again, pissed me off again

Fate says it's hard to do  
I'm harder than you
