Everything looks the same
We're all just playing a game
Wonder why your life seems lame
What you need is Jesus name
You smoke your dope and sniff your coke
Messing 'round like your life's a joke
You need a relief and you need it fast
Your quick highs, Man, they won't last
You say being different is being cool
Every day I see the same in school
Hey man can you bum me a red?
Wish I never got out of bed
You say your life is a big mistake
That's one thing God doesn't make
Feeling low, feeling down
It won't happen if God's around
I can see the emptiness in your eyes
Your lack and want of Christ is no disguise
In life's struggles you lose your nerve
Choose this day whom you will serve
