I know I'll never ever be the same
Somebody threw her spark into my flame
I am in a schoolboy fantasy
Nothing in my heads upsetting me
She was off to hide her vanity
Gotta talk gotta call gotta walk gotta crawl gotta please
please please me please have mercy
So what do we say?
How do we like our girls- erotic
How do we like their brains- chaotic
How do we like our moves- robotic
How do we like our grooves- BIONIC
Firecrackers sparkle in her eyes
Exploding in a cool sunrise
