It's such a certain move
Don't throw it right back on me
It's such a certain move
Open your eyes so you can see

You look like you should know So let the four winds blow I think it's time to go

It's such a certain move
Just turn your mind from night to day
It's such a certain move
I could believe in what you say

You look like you should know So let the four winds blow I think it's time to go

It's such a certain move
Don't throw it right back on me
It's such a certain move
Open your eyes so you can see

It's such a certain move
From time to time and day to day
It's such a certain move
What does it matter anyway

It's such a certain move From time to time and day to day It's such a certain move What does it matter anyway

I could believe in what you say What does it matter anyway
