You - the poison seeping through my veins  
Try to force-feed me your lies  
Twisting words distort the truth  
To one I hardly recognise  
A doctrine of no second chance  
Deceive me once then more fool you  
These things that you think make you strong  
Could be the last you ever do

I want to break out  
Free of this flesh-bound cage  
Externalise my anger  
Show you the shape of rage

You - who live in foolish ignorance  
Know not the fire within this heart  
I - the bringer of the coming storm  
Am set to tear your world apart  
A portal to my darkest thoughts  
Through which this energy will flow  
As is within, so is without  
The changing flesh begins to show

I want to break out  
Free of this flesh-bound cage  
Externalise my anger  
Show you the shape of rage  
Psychotic takedown  
On you I turn the page  
Erase all that you stand for  
Consumed by shape of rage

Feel it crawl beneath my skin  
Let the synthesis begin  
From my flesh it's given form  
So this child of rage is born

Now - the fury burning at my core  
A vengeance sentient and pure  
Those - who stood before me stand no more  
Tormented fall they shall endure

Wherever flee my enemies  
The shape of rage shall hunt them down  
No hiding place and no remorse  
They shall be crushed into the ground

I want to break out  
Free of this flesh-bound cage  
Externalise my anger  
Show you the shape of rage

Shape of rage  
Shape of rage
