"Unheard & Unspoken"

How many times can we lie to ourselves pretending
everything's OK
How many lies can we swallow before we get sick and
throw up for fall down and burst
I can't understand, we close our eyes
Blindly we accept and follow
I can't understand, we bite our tongues
I just can't understand

"Truth is a lie told too many times"
I can't understand, we close our eyes
Blindly we accept and follow
I can't understand, we bite our tongues
I just can't understand
NO!
So many voices, unheard
Too many voices, unspoken
