"Jedna kao srce sto u grudima bije  
Jedna kao sunce sto sa istoka sija  
Jedna kao krv sto u meni vrije  
Jedna je sveta MAJKA SRBIJA! "

And as I walk this sacred ground  
My heart it rings with joy inside  
The dark mountains and ancient forests  
And all the beauty that lies inside

Glorious land of blood and pain  
We fought and died for your pride  
Centuries of war, ashes, blood and steel  
Forever your honour we'll defend

[Chorus:]

Oh Mother Serbia where are you now  
Is this the faith of the empire so old?  
Your western lands are beyond the reach  
And the south is closing in

Oh Mother Serbia raise your head  
Hear our cries is this the end?  
For you we fight for you we die  
Let two-headed eagle forever fly

Raise,  
Raise,  
Oh, MOTHER SERBIA!
