Heaven it burns scattered are stars  
And reign of lament in catharsis dies  
Luminate the night for my fiend kind  
Arcane worlds fall as I long for the dawn

Sadness and sorrow they grabbed my soul  
In realms beyond I killed the love  
The symphony of night, lurked me down  
To doom of my kin, of divine light

Anger, hate, scorn and despair  
Finally dark alliance is made  
I raise the army, the kings are marching  
I spit my wrath on the world of lies

Powers gather as I prepare for war  
To purify the mankind, I'm macabre foe  
Children of darkness, heed the black tide  
The lands and stars, the dominion is mine

I've burned my wings  
I despised the hope  
Poisoned the essence  
Of divinity that's gone  
I brought the chaos  
On this fogged shores  
Remember my sins  
For I regret them not

[Chorus:]

The darkchoirs sing repention forbidden  
The Lightbringer waves, I cross the diminished plains

There in the forest, there she stands and greets me  
And there beneath her angelic wings white as snow  
I've seen the path for cursed to walk  
Forshadowed the events of nighttime to come

[Chorus:]

The darkchoirs sing repention forbidden  
The Lightbringer waves, I cross the diminished plains...
