I woke up to find
Your face on my mind
The sun always shines
Oh my garden
I told you before
Just knock on my door
Cause you know the score
It's my party

You ran away with my spoon
You're stolen my heart
Always laughin'
I jumped over moon
Right from the start
You always make me feel good

Jump down
I've never believed in love
Till now I've never believed in us
Jump down (gotta jump down)
I've never believed
I've never believed in love
That's why I'm letting you know
(gotta jump down)

You're always around
Just stamping the ground
The letter I found was yours truly
It's plain to see
What you wrote to me was
Positivity unruly

You ran away with my spoon
You're stolen my heart
Always laughin'
I jumped over moon
Right from the start
You always make me feel
Always make me feel good

Jump down
I've never believed in love

Till now I've never believed in us
Jump down (gotta jump down)
I've never believed
I've never believed in love
That's why I'm letting you know
Whoah letting you know
Whoah I don't want you to go
Oh! you make me feel good

Jump down
I've never believed in love
Till now I've never believed in us
Jump down (gotta jump down)
I've never believed
I've never believed in love
That's why I'm letting you know
(gotta jump down)

Yeah, yeah letting you know
