Sabrina:
Gem woke up with a horrable dream and she is nice if you
know what I mean. She's the little girl I have ever seen and
everybody knows her (1 echo).
It is all her fault that her friends are gone and I will see what
it's going on. The little Gem Stone is a person's name and it's
not a little jewlry (1 echo).

Chorus: It's a witchmas carole you'll never find your way back
home. You want to see the preshus christmas lights. When
the little Gem Stone ruins all the the peoples gifts like yours…
and yours and yours and yours.

Chloe:
When Sabrina and her sisters walked away, Gem's so lonley but not
today. I will see what you want to be. But are you gonna be alright
when there's sonthin' new tonight (1 echo). When you hear me turn
around, I will make a louder sound when hear me shout, it's all about
when you never wanna see me (1 echo)

Chorus: It's a witchmas carole you'll never find your way back
home. You want to see the preshus christmas lights. But when
the little Gem Stone ruins all the people's gifts like yours…
and yours and yours and yours.

Harvey: Oh I will find my way back home.

Chloe: When you're walking all alone.
