Ancient signs provide leads
Fundamental archetypes advent the genesis descent
Portents of a celestial event
Reap the essence
Connect the sephiroth
Turn to thoth
You have done it
You have done it again
It all makes sense
You have found a wisdom greater than the wisdom of
reason
Arcane, the sites of cydonia
Babylonian temple walls tell tales tall
Like the citizens of Planet X
Indigenous time to progress
Fact or fiction
A decalogue dichotomy called heresy
Two times life centuries and a descent
Learn what was meant
Sinners repent
