I will eat monkey brains
I will fall from airplanes
I will bring back Sheeba Linga
Just like Indiana Jones

I will fall in a pit of snakes
I will crawl through insects
And you can't take my heart away
Just like Indiana Jones

I will fight for what I believe in
I would die for the ones that I love
I will fight for what I believe in
I would die for the ones I love

I will do anything,
I will fall from airplanes
I will eat monkey brains
Just like Indiana Indiana Jones
