From the Eastcoast to the Westcoast
Screamo screamo gotta go

Eyeliner
Your stupid hair
You're tryna look spooky with your morbid stare

Screamo screamo gotta go
Screamo screamo gotta go
Screamo screamo gotta go
Screamo screamo gotta go

Tight black clothes
You look like a freak
You think you're so cool
You're the flavour of the week

Screamo screamo gotta go
Screamo screamo gotta go
Screamo screamo gotta go
Screamo screamo gotta go
It's gotta go, it's gotta end

This is the part (the part) where all the girls will like you
This is the part where all the guys will think you're cool
This is the part where you want the girls to think you're cute
This is the part where you want the guys to think you're cool (you're not cool)
But your not
No because you suck
