All the time, it's always on my mind
All the time, it's always on my mind

The things that are runnin' through this young girl's
head
When I get up in the morning
When I'm going to bed
When I'm drivin' in my car
When I'm talking on my cell
Crammin' for a final
Or when I'm watching TRL

CHORUS:

I think about love
I get distracted
When I think about hookin' up with you, it gets all my
concentration
Think about ooo, ooo I go preoccupied
You've got me in a daze
I get distracted

All the time, it's always on my mind
When I'm standin' in a line at the ATM
When I'm stirrin' the sugar in my cafe mocha blend
When the radio is playing a song like this
I float away somehow, dreamin' of your kiss

I know it's crazy livin' in this fantasy
But I don't know how to break this spell you put on me
Tryin' to stay focused on the things I'm supposed to do
But before I know it
My attention's back on you

CHORUS

I know it's crazy livin' in this fantasy
But I don't know how to break this spell you put on me
Tryin' to stay focused on the things I'm supposed to do
But before I know it
My attention's back on you

(CHORUS repeat x3)
