Tell me you're mine
Tell me you're mine to break the ice

Does he make you smile?
Does he fully embrace the way
Does he leave you to the flames
That you like, who is this guy?

This tweek neophyte
Does he know that I'll wait for all time
Does he make you right
Does he say that he'd like to know you
Does he say that he wants to know

All of the ways
You will make it up
Make it up for me
Make it up for me

Tell me you're fine
Tell me it's hard to fake it time after time
Who is this guy
Does he say that he'd like to know you
Does he say that he wants to know
Does he say that he wants to know

All of the ways
You will make it up
Make it up for me
Make it up for me

All of the ways
You will make it up
Make it up for me
Make it up for me

I know the way you will make it up
Make it up for me
I know the way you will make it up
Make it up for me

I know and I know the way you will make it up

Make it up for me
I know and I know the way you will make it up
Make it up for me
